PRODUCT INFORMATION

CUSTOM POLYCARBONATE WELDING WINDOW, CLEAR

The Custom Polycarbonate Welding Window is a high-quality custom polycarbonate sheet designed for use in welding windows and portholes for automated welding. It can be custom cut any size up to 48" x 96" and can be used with green welding sheets.

The requested dimensions will be held to +1/16" tolerance. If you require a more precise tolerance, do not order on this site. Send your request to sales-team@phillips-safety.com for a quote. If you would like to learn more about this product, download a copy of the Product Brochure.
