**PRODUCT INFORMATION**  
**EXTRA LARGE PAPOOSE REPLACEMENT HEAD STRAP, 36" LENGHT**

The Extra Large Papoose Replacement Head Strap, 36" Length, is a replacement head strap for the Extra Large Radiolucent Papoose Board. With 36" in length, this padded head strap can be used by medical professionals to keep the patient's head secure during the medical imaging process. The strap suppresses movement, which results in a cleaner and more accurate scan of the patient. With its diagonal metal-free design, the Extra Large Radiolucent Papoose Board is one step above the rest, providing great safety and security for teenagers and adults during scans. In addition, it prevents the patient from self-injury. For more options, check out our Papoose Board and Accessories collection.
