

SAFETY READING GLASSES

MODEL 15011

FRAME INFORMATION

The Safety Reading Glasses 15011 is a square frame with anti fog lenses. These safety glasses feature magnifying lenses which reduce fatigue and eye strain. The 15011 safety reading glasses are lightweight and made from TR-90 nylon to ensure durability. Plus, these safety reading glasses feature integrated side shields for additional lateral protection, and are available with magnification from +1.00 to +3.00. In addition, the 15011 has our exclusive permanent anti fog coating technology, which guarantees that the lenses of these reading glasses will never fog. These safety glasses are available in seven different colors: black and clear, black and green, crystal red, crystal clear, crystal purple, cyan blue, and crystal faded gray. They also meet rigorous industry standards and are ANSI Z87+, CSA Z94.3 high impact approved for optimal protection.
