## PRODUCT INFORMATION

### RADIATION SHIELDING PLEATED TABLE SHIELD

The Radiation Shielding Pleated Table Shield is a radiation table shield that complies with CDC Efficacy guidelines for Category IB disinfection protocol for noncritical medical devices. Available in two sizes, this Radgenic shield adds an extra layer of protection with a lead core of 0.50mm Pb Eq.

Plus, it is made from a polyurethane-coated fabric, which can be easily cleaned and disinfected with Quaternary or Isopropyl disinfectant wipes. The Radiation Shielding Pleated Table Shield is non-porous, with a smooth surface and fully sealed seams. It is also latex-free, soil- and stain-resistant, and available in blue, and comes in two sizes—21.5" x 19" with a slip pad and 24" x 24" with velcro.
