

RADIATION SAFETY GLASSES

100

FRAME INFORMATION

The radiation glasses 100 feature high quality, distortion-free SF-6 Schott glass radiation-reducing lenses with 0.75mm Pb lead equivalency protection. These lead glasses also provide 0.50mm Pb lead equivalency lateral protection. The 100 lead glasses have clear CE Certified Lens and weigh 72g or 76g in the larger size. These radiation glasses 100 are prescription available. Made of high-quality metal, it is a durable and lightweight aviator frame. The 100 radiation glasses feature adjustable silicone nose pads and removable leaded side shields. These Phillips Safety prescription radiation glasses are available in two color variations: black and brown.
