

# SAFETY GLASSES

MODEL 15011

## FRAME INFORMATION

The Safety Glasses 15011 are a square frame made of high-quality plastic. The 15011 model is lightweight, highly durable, and impact resistant. Plus, it features rubberized nose pads, rubberized temple bars, adjustable nose pads and permanent side shields. These Safety Glasses are available in eight color variations. They also meet rigorous industry standards, with ANSI Z87+, CSA Z94.3, and EN 166 certified, offering high impact certification for optimal protection.

Moreover, the Safety Glasses 15011 offer three lens choices. The first is a frame-only option. The second is clear safety lenses with anti-fog properties, ensuring impact resistance and fog prevention. The third option includes Transition gray lenses, ideal for indoor and outdoor use, transitioning from clear when indoors to gray in sunlight.
