

SAFETY READING GLASSES

MODEL MAESTRO

FRAME INFORMATION

The Safety Reading Glasses Maestro is a rectangular frame with anti fog lenses. These safety glasses feature magnifying lenses which reduce fatigue and eye strain. The Maestro safety reading glasses have a sturdy, double-bridged frame with metal construction. Plus, these safety reading glasses feature adjustable nose pads, spring hinges and removable side shields, which combined offer extra coverage and protection. They are available with magnification from +1.00 to +3.00. In addition, the Maestro has our exclusive permanent anti fog coating technology, which guarantees that the lenses of these reading glasses will never fog. These safety glasses are available in gunmetal. They also meet rigorous industry standards and are ANSI Z87+ approved for optimal protection.
