**PRODUCT INFORMATION**  
BOROVIEW 5.0 LAMPWORKING GLASSES 206

The lampworking glasses Boroview 5.0 have a polycarbonate brown glassworking lens that provides good color recognition for borosilicate glass. These frameworking glasses offer excellent UV blocker, excellent IR protection, excellent sodium flare blocker, and good clarity. Recommended for those who work with lampwork or hot glass in large pieces.

These lampworking glasses 206 have a durable and lightweight rectangular, wrap around frame made of high-quality plastic. The 206 lampworking glasses feature rubberized nose pads, rubberized temples, integrated side shields, and a removable dust dam. These Phillips Safety lampworking glasses are available in orange and brown with clear side shields, yellow and black with clear side shields, and yellow and black with smoke gray side shields. Mirror coating available at additional cost.
