LEAD APRON RACKS

Phillips Safety's lead apron racks are an ideal solution for storing lead aprons in a safe and organized manner. Available in a range of sizes and configurations, our lead apron racks are designed to accommodate different types of lead aprons, from single-panel to full-wrap aprons.

Our racks are made from high-quality materials that ensure durability and longevity, with options ranging from lightweight aluminum to sturdy steel. Plus, our lead apron racks are easy to install and use, making them a convenient storage solution for any medical or industrial facility.

When it comes to variety, Phillips Safety's lead apron racks come in both freestanding and wall-mounted options, allowing you to choose the best fit for your space.

CATEGORY INFORMATION

LEAD APRON RACKS

Our freestanding lead apron racks are perfect for larger facilities that require more storage space, while our wall-mounted racks are ideal for facilities with limited floor space. Additionally, we have single apron hangers to suit your specific needs.

At Phillips Safety, we understand the importance of maintaining a safe and organized work environment. That's why we offer a variety of lead apron racks to help you store your lead aprons safely and efficiently. Our lead apron racks are built to last, with high-quality materials that provide maximum protection for your aprons. Whether you need a small wall-mounted rack or a large freestanding unit, we have the solution for you.
