PRODUCT INFORMATION
QUICKSHIP STANDARD THYROID SHIELD

The QuickShip Standard Thyroid Shield is a comfortable and effective collar designed to reduce radiation exposure. It can be paired with a matching lead apron for enhanced protection. Suitable for both patients and medical professionals, this easy-to-wear collar shields the neck from radiation and features Velcro straps for quick application and a secure fit.

The collar is available in two core materials: Lightweight Lead, and Axion Core 1000™, offering 0.50mm Pb lead equivalency, which has passed ASTM F3094-14 testing procedures. Additionally, the QuickShip Lead Thyroid Shield is available in various colors and made from high-quality Nylon or Ripstop outer materials. Plus, they are ready for fast shipping.

HOW TO MEASURE

GENERAL MEASUREMENTS

NECK CIRCUMFERENCE

Measure the circumference around the base of the neck, where the collar of a shirt would sit.

- Use a soft measuring tape.
- Keep the tape snug but not tight.
- Ensure it stays level around the entire neck.
- Take measurements while standing upright and facing forward.

TIPS FOR MEASUREMENT

- Measure while standing upright and looking straight ahead.
- Take measurements over the clothing typically worn under the shield.

AVAILABLE SIZES

SIZE	SMALL	MEDIUM	LARGE
WIDTH	18"	22"	26"
NECK FIT RANGE	10" - 13"	14" - 17"	18" AND UP
