PRODUCT INFORMATION
QUICKSHIP STANDARD THYROID SHIELD

The QuickShip Standard Thyroid Shield is a comfortable and effective collar designed to reduce radiation exposure. It can be paired with a matching lead apron for enhanced protection. Suitable for both patients and medical professionals, this easy-to-wear collar shields the neck from radiation and features Velcro straps for quick application and a secure fit.

The collar is available in two core materials: lightweight lead, and economy lead-free, offering 0.50mm Pb lead equivalency, which has passed ASTM F3094-14 testing procedures. Additionally, the QuickShip Lead Thyroid Shield is available in various colors and made from high-quality Nylon or Ripstop outer materials. Plus, they are ready for fast shipping.
