PRODUCT INFORMATION
TEST IN PROGRESS LED SIGN

The Test In Progress LED Sign is a lightbox specifically designed to provide clear and visible notification when testing is underway. This high-quality LED sign features bright illumination to ensure maximum visibility, even from a distance or in low-light conditions. The “Test In Progress” message is prominently displayed, effectively communicating the need for silence and minimizing disturbances. Ideal for use in educational institutions, medical facilities, research labs, and any location where testing or critical work is conducted, the Test In Progress LED Sign is an essential tool to help create a quiet and focused environment.
