

# SAFETY READING GLASSES

## MODEL 190

### FRAME INFORMATION

The Safety Reading Glasses 190 is a round frame with anti fog lenses. These safety glasses feature magnifying lenses which reduce fatigue and eye strain. The 190 safety reading glasses are lightweight and made of high-quality plastic construction. Plus, these safety reading glasses feature rubberized temple bars for a comfortable fit, and removable side shields for additional lateral protection.. They are available with magnification from +1.00 to +3.00. In addition, the 190 has our exclusive permanent anti fog coating technology, which guarantees that the lenses of these reading glasses will never fog. These safety glasses are available in clear. They also meet rigorous industry standards and are ANSI Z87 + high impact approved for optimal protection.
