PRODUCTS INC.

Phillips Safety is the industry leader in occupational safety eyewear. In business for over 100 years, you are being served with the dedication and craftsmanship of a family owned company.

Phillips Safety has been producing occupational safety glasses since 1905 and continues to develop and produce the highest quality glasses and lenses today. A leading manufacturer of specialty safety eyewear in the United States, Phillips Safety adheres to strict ANSI Z87-2+ and EN 207 CE standard certifications, holding itself to a highest standard and prides itself on producing glasses with the finest quality materials available.

All safety glasses produced and sold by Phillips Safety meet strict industry standards for military, medical, research laboratories, and a variety of other industries.

With Phillips Safety's dedicated team, you can rest assured knowing that all your prescription safety needs are met.

## CATEGORY INFORMATION

### REPLACEMENT NOSE PADS

Ensuring the comfort and fit of your glasses is essential, especially when your nose pads start to wear out. At Phillips Safety, our Replacement Nose Pads category offers an extensive range of high-quality replacement pads designed specifically for those whose existing nose pads need to be replaced.

Whether your current pads have become worn, damaged, or uncomfortable, our collection provides the perfect solution to restore the comfort and stability of your eyewear. Our nose pads are available in a variety of materials, including durable rubber and other ergonomic options, all tailored to fit different frame styles and personal preferences.

These pads are easy to install, allowing you to quickly replace your old, worn-out nose pads and enjoy the refreshed comfort they provide. Each style is carefully selected to distribute the weight of your glasses evenly, reducing pressure on your nose and minimizing discomfort throughout the day.
