PRODUCT INFORMATION

BLUNT-END SERRATED STAINLESS STEEL TWEEZERS | GB-TZ02

Precision stainless steel tweezers with blunt, serrated tips for secure control on hot glass without cutting. These tweezers are available in 14cm (5.5"), 16cm (6.3"), 20cm (7.9"), and 25cm (9.8") total lengths. Ideal for shaping molten glass (fish fins, "candy wrapper" twists, flower petals/leaves, ruffles), pinching off bubbles, holding components for flame annealing and placing them into the annealer, and stripping the surface of large-diameter rods to expose a cleaner core for encasing.
