PRODUCT INFORMATION

PARALLEL MASHER TWEEZERS, SMALL | GB-TZPM-S

Phillips Safety's Parallel Masher Tweezers are a must-have tool for lampworking and hot glass applications. Made from durable stainless steel, these tweezers measure approximately 6 inches in total length and feature masher plates sized $\frac{3}{8}$ " x $\frac{3}{8}$ " at the tips. The parallel action ensures even pressure across the surface, making them ideal for precision shaping, flattening, and texturing hot glass. These tweezers are designed for comfort and control, perfect for consistent results in delicate and repetitive tasks.

SPECIFICATION

BRAND: Phillips Safety
