

# SAFETY GLASSES

## MODEL TR512

### FRAME INFORMATION

The Safety Glasses TR512 have a rectangular frame made of high-quality plastic. The TR512 model is lightweight, highly durable, and impact resistant. Plus, it features permanent side shields for additional lateral protection. These Safety Glasses are available in six color variations. They also meet rigorous industry standards with ANSI Z87+ certification, offering high impact certification for optimal protection.

Moreover, the Safety Glasses TR512 offer three lens choices. The first is a frame-only option. The second is clear safety lenses with anti-fog properties, ensuring impact resistance and fog prevention. The third option includes Transition gray lenses, ideal for indoor and outdoor use, transitioning from clear when indoors to gray in sunlight.
