

SAFETY GLASSES

MODEL FO100

FRAME INFORMATION

The Safety Glasses FO100 are protective work eyewear designed to comfortably fit over prescription glasses without compromising safety or vision. Lightweight yet durable, these fitover frames combine ergonomic design with full-coverage wrap-around protection to shield your eyes from flying debris and impact hazards. Integrated non-slip rubberized nose pads and temple bars help keep the glasses secure all day, while the built-in brow guard enhances coverage and protection. The adjustable temples allow a customized fit for a wide range of users, and the RX-FO100 meets ANSI Z87+ high-impact safety standards for reliable performance on the job.
