

SAFETY GLASSES

MODEL RK2

FRAME INFORMATION

The Safety Goggles RK2 are lightweight, durable safety goggles made of high-quality plastic. They feature a foam eyecup that helps create a secure seal around the eyes and an adjustable head strap for a secure, comfortable fit. These Safety Goggles are available in black and meet rigorous industry standards, including ANSI Z87+ and EN 166 certifications for high-impact protection.

Moreover, the Safety Goggles RK2 offer three lens choices. The first is a frame-only option. The second is clear safety lenses with anti-fog properties, ensuring impact resistance and fog prevention. The third option includes Transition gray lenses, ideal for indoor and outdoor use, transitioning from clear when indoors to gray in sunlight.
