PRODUCT INFORMATION
QUICKSHIP FLEXIBACK FRONTAL LEAD APRON
QS-RA-FFA

The QuickShip Flexiback Frontal Lead Apron with Velcro Closure is a highly comfortable and effective solution for reducing radiation exposure. This apron covers the front of the body from shoulders to thighs, providing excellent anterior torso protection. Its flexible support and Velcro closures on both sides of the waist ensure a secure fit by attaching firmly to the front of the body.

The Flexiback Frontal Lead Apron is suitable for both men and women and is available in three core materials: Lightweight Lead, Axion Core™ 1000, and Axion Core™ 2000, each providing a 0.50mm Pb lead equivalency. You can choose between two outer materials, Nylon and Ripstop, with color options of blue or black featuring black binding. This apron is offered in five sizes, ranging from small to extra extra large, and complies with the ASTM F3094-14 testing standard.

2-Year Warranty – Radiation protection apparel is covered against manufacturing defects.
