PRODUCT INFORMATION
QUICKSHIP LAPGUARD HALF LEAD APRON
QS-RA-LGHA

The QuickShip LapGuard Half Lead Apron is an excellent, flexible option for reducing radiation exposure. This apron covers the abdomen and pelvis. Its one-size-fits-all design ensures maximum adjustability and comfort. Plus, the apron is open at the back and features a buckle closure with straps. These straps wrap around and adjust at the waist, securing with a lock at the back.

Suitable for both men and women, the QuickShip LapGuard Half Lead Apron comes in three core materials: Lightweight Lead and Axion Core™ 2000, each providing a 0.50mm Pb lead equivalency. It is available in two outer materials: Nylon and Ripstop, in various colors with black binding. This apron is offered in three sizes, ranging from small to large. Additionally, the core material meets the ASTM F3094-14 testing standards for lead aprons.

2-Year Warranty – Radiation protection apparel is covered against manufacturing defects.
