PRODUCT INFORMATION
QUICKSHIP STANDARD THYROID SHIELD

QS-TS

The QuickShip Standard Thyroid Shield is a comfortable and effective collar designed to reduce radiation exposure. It can be paired with a matching lead apron for enhanced protection. Suitable for both patients and medical professionals, this easy-to-wear collar shields the neck from radiation and features Velcro straps for quick application and a secure fit.

The collar is available in two core materials: Lightweight Lead, and Axion Core 1000™, offering 0.50mm Pb lead equivalency, which has passed ASTM F3094-14 testing procedures. Made from high-quality Nylon or Ripstop outer materials, the QuickShip Lead Thyroid Shield comes in various colors and is available in size large. Plus, it is ready for fast shipping.

2-Year Warranty – Radiation protection apparel is covered against manufacturing defects.
